Chief Administrative Officer

September 2, 2026

Dearest Patients:

After working as a physician assistant for 42 years, with the last 24 years here with the wonderful staff at NFIMG, I'm officially announcing my retirement as of September 30, 2026.

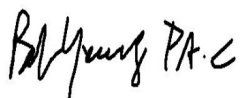

This was a difficult decision, but one heavily influenced by recent, unexpected personal health concerns. Rest assured, my condition is not life-threatening, but it has reminded me that our health is a precious gift and that the timing of life doesn't always follow our plans.

It has truly been my honor getting to know you over the years, and I am especially grateful that you entrusted me with your healthcare. I sincerely pray for and wish each of you the very best in the years ahead.

I sincerely hope you will continue your care here at NFIMG. I had the distinct honor of training Andrea many years ago, and I can confidently say that both she and Dr. Madison are intelligent, caring, exceptional clinicians who practice medicine with expertise and heart. Along with our dedicated staff, they will continue to provide the personalized care you have come to expect. I know you will be in excellent hands.

Thank you for allowing me to be a part of your lives and for trusting me with your care.

Warmest regards,

Robert A. Young, PA-C
